Insurance Agreement

Thank you for choosing this Policy which is underwritten by ACE European Group Limited, A Chubb Company (Chubb).

The Policy pays benefits, in accordance with this Policy wording, in the event that **You** suffer injuries following an **Accident**, and has been made available to **You** through the **Group Policyholder**. The Policy does not cover illness or sickness unless they are the direct result of **Accidental Bodily Injury**, and does not cover any psychological impacts either.

The **Group Policyholder** (as specified in the **Group Policy Schedule**) and Chubb agree that the **Group Policyholder** shall pay the premium as agreed. The **Group Policy Schedule** and this Policy document constitute the full terms and conditions of the insurance with **Us**. The **Group Policyholder** acknowledges that **We** have offered this Policy and calculated the premium using the information which **We** have asked for and the **Group Policyholder** has provided, and that any change to the responses provided by the **Group Policyholder** may result in a change in the terms and conditions of the Policy and/or a change in the premium.

The **Group Policyholder** should check over the Policy wording and **Group Policy Schedule** carefully to ensure they are correct and meet the **Group Policyholder**'s requirements, and notify **Us** immediately, if anything is incorrect, as this could affect Policy cover in the event of a claim. The **Group Policyholder** should keep these documents in a safe place and should make them available to the **Insured Persons**, telling them where the documents can be viewed. The **Group Policyholder** must tell **Us** if either their insurance needs or any of the information they have given **Us** changes. A change in circumstances may affect Policy cover, even if the **Group Policyholder** does not think a change is significant, and **We** may need to change this Policy. **We** will update the Policy and issue a new **Group Policy Schedule** each time a change is agreed.
